Dear Mr. Stevens:

This letter is in response to your records request regarding information on the Family Planning Program (FPP). Specifically, you requested copies of a report, if such report exists, prepared by the Department of Human Services (DHS) to assess the progress of the Iowa Family Planning Program from July 1, 2017 to June 30, 2018.

The Department has not published reports on the Family Planning Program. We have provided information and data pursuant to Freedom of Information Act (FOIA) requests regarding the program. Attached are the responses to the two most recent requests, which likely contain the information you are seeking.

The data provided by the Iowa Department of Human Services (DHS) in response to your request is provided "as is." DHS cannot ensure the accuracy, completeness, or reliability of the data. The encounter validation process is not yet complete and a one percent (1%) error rate has not yet been achieved. Users accept the quality of the data they receive and acknowledge that there may be errors, omissions, or inaccuracies in the data provided. Further, DHS is not responsible for the user's interpretation, misinterpretation, use or misuse of the data. DHS does not warrant that the data meets the user's needs or expectations.

If you have any other questions please feel free to contact me.

Sincerely,

Matt Highland  
Public Information Officer
